The House met at 2.30 p.m.

*[Hon. Speaker (Ms. Beatrice Elachi) in the Chair]*

PRAYERS

QUORUM

**Hon. Speaker:** Ring the bell for ten minutes.

*(Quorum bell was rang for 10 minutes)*

#### NOTICE OF MOTION

##### BORROWING OF MONEY TO REFINANCE THE COUNTY

**Hon. Abdi Hassan:** Thank you, Madam Speaker; THAT aware that the borrowing by county government is provided for under Article 212 of the Constitution, thus a county government can borrow only if the national government guarantees the loan and with the approval of the county government assembly; further aware that section 140,141 and 142 of the Public Finance Management Act 2012 amongst other thing further outlined conditions of the authority of the borrowing by the county government; noting that specifically under section 140 of the PFM Act 2012, such request for borrowing can only be allowed if the loan and terms of the loan are set out in writing and in accordance with article 212 (5) (8) and 14 of the PFM Act, the fiscal principles and finance objectives of county government set out in fiscal strategy paper and debt management strategy paper; observing that the Nairobi County Government in April 2014 entered an agreement with Kenya Commercial Bank seeking help to offset a loan of Kshs. 2.4 billion it had acquired

**Disclaimer:** *The electronic version of the Official Hansard Report is for information purposes only. A certified version of this Report can be obtained from the Hansard Editor.*

from Equity bank limited, the loan County Government has defaulted from any of the payments since February 2016; deeply concerned that the Kshs.4.2 billion loan and the County outstanding huge debts estimated at Ksh. 57 billion if not addressed risk greatly impacting the delivery of crucial County services as the County struggles to settle the debt over the medium and long term; satisfied with the current request, the County Government through the County Executive Committee Member for Finance and Economic Planning has demonstrated a renewed commitment to finding loans to refinance existing loans with favorable terms such as the KCB loan and mechanism to cut down on the huge debt bill through open and transparent mechanism as overseen by the County Assembly; this Assembly resolves, pursuant to provision of Article 2 (1) (b) of the Constitution Section 142 of the Public Finance Management Act 2012, section 81 (d) of the County Government Act, 2012 and Standing Order 49 to authorize County Executive Member for Finance and Economic Planning to engage the National Government as required by the law and other suitable lenders with favorable terms with a view to refinance the county Kshs. 4.2 b facility with the Kenya Commercial Bank limited. Thank you.

**Hon. Speaker:** Thank you leader. I want to redirect the Order Paper so that the House can switch to the supplementary and we will proceed with the statements and then move to the main motion of the Majority Leader.

## STATEMENTS

**Hon. Speaker:** Hon Patrick.

### STATEMENT REQUEST ON THE ILLEGAL EXCAVATION AND DUMPING AT UTAWALA QUARRY

**Hon. Patrick Karani:** Thank you, Hon Speaker. Pursuant to Standing Order 45 (2) (c), I wish to seek a statement from the Chairperson of sectoral committee on Environment and Natural Resources regarding the illegal excavation and dumping done at Utawala quarry.

Hon Speaker, the unabated wide scale excavation and dumping of soil at Utawala Quarry is not only a threat to environment but also has grievous health concerns for residents living within close proximity to the quarry.

Hon Speaker, in the statement, the Chairperson should inquire into and report on:

1. Who licensed the excavation and dumping of the soil at the quarry
2. Who owns the quarry facility
3. What arrangements are there between the owners of the facility and the County Government in terms of resource sharing?
4. The measures put in place to reclaim the excavated land.

### DEMOLITION OF STRUCTURES AROUND FEDHA AREA IN UTAWALA WARD

The second statement: pursuant to Standing Order 45 (2) (c), I wish to request for a statement from Chairperson sectoral committee on Planning, Housing regarding the ongoing demolition of structures around Fedha area in Utawala Ward.

Hon Speaker, the County demolition exercise being carried out in Fedha area is adversely affecting the livelihood of proprietors who for decade have been relying on structures to eke out their living by selling their merchandise.

Hon Speaker, in the statement the chairperson should inquire into and report on:

1. The overall objective of demolition exercise
2. Why demolitions are carried out without adequate prior notice being issued to the proprietors
3. Who will compensate the affected proprietors
4. Why are demolitions carried out selectively
5. Who sanctions the demolitions in Fedha area? Thank you.

**Hon. Speaker:** Hon Karani, the first was for Committee on Environment. The Chair of Environment?

**Hon. John Muthiga:** Thank you, Madam Speaker, we shall have the answer after the recess, thank you.

**Hon. Speaker:** Are you giving him one day to reply or a week?

**Hon. John Muthiga:** Four weeks because even the Executive Members are not there, they are still in Mombasa.

**Hon. Speaker:** A month? Have you said four weeks?

**Hon. John Muthiga:** We are going to give the answer after the recess.

**Hon. Speaker:** Chair, Planning.

**Hon. Anthony Kiragu:** Three weeks including the two weeks of recess.

**Hon. Patrick Karani:** Madam Speaker, the first one is okay but for the Planning, I would request if the Chairperson can expedite because today we woke up to count losses. People and business community around Fedha area have been adversely affected by the demolition that is going on, even right now. I think the Chairperson could see how he could expedite the response.

**Hon. Anthony Kiragu:** Madam Speaker, three weeks is okay because we will be back after two weeks and I included the two weeks. But again, I would want to challenge my colleague to be sure that this is a planning issue not a question we need to ask the Justice Committee because it could be an inspectorate issue but however, I will do my due diligence and come with an answer after the recess.

**Hon. Speaker:** I agree with the Chair, we need to look at it so that we don't give him a question that we will have to go through again. So, you have to do your due diligence as to whether it is Inspectorate doing it. Also, while I know we are all politicians fighting for our people, we are also bringing in order. You need to ask your people whether they are on the right but I know we need a lot of awareness on it.

**Hon. Patrick Karani:** I agree, Madam Speaker. Even though it is a planning issue, everybody has an entitlement. It should be having a room for the rich and the poor. We share the same area, so we are going to speak on behalf of the poor who don't have a voice.

**Hon. Anthony Kiragu:** I agree with my colleague, however, poverty is not a reason to break the law like my colleague is saying. People are encroaching on road reserves. If people are breaking the law, the law is blind to their financial status.

**Hon. Speaker:** Agreed. Proceed, Clerk. What is it, Hon. Ogeto, we want to move to the next Order.

**Hon. Moses Ogeto:** Hon. Speaker, you had committed Hon. Mbatia, Chairperson Budget to respond to my statement. I was given a voluminous statement which does not have pages. I managed to look at one page which transacted over half a billion and is not numbered. I wish that you tell my Chair to give me a certified copy of the statement

**Hon. Speaker:** Chair, do you have a word on this or I give a ruling?

**Hon. Robert Mbatia:** Thank you, Madam Speaker. The Hon. Member never said that he needed that but only asked for information which I believe the Executive through the Finance and Budget Committee provided. He was not clear that he wanted a paginated report but if he were there then we would have paginated it.

**Hon. Speaker:** Hon. Member and Hon. Chair, I wish to request that you sit together and go through the statement. As a House we don't know what it is that you were asking. So kindly sit with him and give him an answer based on what he asked so that he does not bring us figures that we do not know of.

**Hon. Moses Ogeto:** Madam Speaker, I have sat with the said committee and my concern is that I am not satisfied with this report. Real Time Gross Settlement (RTGS) which has been captured in this statement does not have a beneficiary. They only indicated it as RTGS and this is a document with no pages and the outward RTGS is about Ksh. 192 million with no receiving end. If that could be explained and paged then I would not have any problem. In the same page, there is a Ksh. 265 million which has gone to National Bank but it's not explained. You are the one who gave the ruling that he brings the same statement to the House so Madam Speaker kindly guide me so that I get a response by today.

**Hon. Speaker:** Okay, Hon. Ogeto. You have gotten the response but it is not satisfactory. I will ask the Chair to attach both copies so that we do not open a Pandora box that is not there. In Kenya when people hear figures, they start thinking something else. Give him answers so that we do not open a Pandora box. It is money spent and all we need to know is where it was spent.

**Hon. Robert Mbatia:** Thank you, Madam Speaker. I had not known that the report was unsatisfactory as he has said. Let him point out the issues he has, which of course will be of benefit to us as well. On the numbering, we will sit with him and number the pages and then point out the issues.

**Hon. Speaker:** Thank you Chair. Clerk!

## MOTION

**Hon. Speaker:** Majority leader.

### BORROWING OF MONEY TO REFINANCE THE COUNTY

**Hon. Abdi Hassan:** Thank you, Madam Speaker; THAT aware that the borrowing by county government is provided for under Article 212 of the Constitution, thus a county government can borrow only if the national government guarantees the loan and with the approval of the county government assembly; further aware that section 140,141 and 142 of the Public Finance Management Act 2012 amongst other thing further outlined conditions of the authority of the borrowing by the county government; noting that specifically under section 140 of the PFM Act 2012, such request for borrowing can only be allowed if the

loan and terms of the loan are set out in writing and in accordance with article 212 (5) (8) and 14 of the PFM Act, the fiscal principles and finance objectives of county government set out in fiscal strategy paper and debt management strategy paper; observing that the Nairobi County Government in April 2014 entered an agreement with Kenya Commercial Bank seeking help to offset a loan of Kshs. 2.4 billion it had acquired from Equity bank limited, the loan County Government has defaulted from any of the payments since February 2016; deeply concerned that the Kshs.4.2 billion loan and the County outstanding huge debts estimated at Ksh. 57 billion if not addressed risk greatly impacting the delivery of crucial County services as the County struggles to settle the debt over the medium and long term; satisfied with the current request, the County Government through the County Executive Committee Member for Finance and Economic Planning has demonstrated a renewed commitment to finding loans to refinance existing loans with favorable terms such as the KCB loan and mechanism to cut down on the huge debt bill through open and transparent mechanism as overseen by the County Assembly; this Assembly resolves, pursuant to provision of Article 2 (1) (b) of the Constitution Section 142 of the Public Finance Management Act 2012, section 81 (d) of the County Government Act, 2012 and Standing Order 49 to authorize County Executive Member for Finance and Economic Planning to engage the National Government as required by the law and other suitable lenders with favorable terms with a view to refinance the county Kshs. 4.2 b facility with the Kenya Commercial Bank limited.

Madam Speaker, this County has accrued debt of allowed Kshs. 57 billion since the inception of this City in 1916. Kshs 57billion cannot be said it has not been accrued through the legal frame. Some of it is just aired but the recent one which is the defunct Nairobi City Council, I don't know if my good friend Hon. Majiwa was there by then or George Aladwa, they took a loan from Equity Bank to finance the project of this City and the money did not go to the rightful project which they had said they wanted to finance.

Madam Speaker, the previous County Government which was headed by Dr. Evans Kidero decided to offset the loan through the KCB so that they can give favorable interest and that one has not helped this County. They also took more than Kshs. 980 million as an overdraft from Cooperative Bank and this Government has already settled it in November and December, 2017. We are now grappling with this loan of Kshs. 4.2 billion from KCB.

Madam Speaker, with such loans and with such huge debts, this County cannot engage itself into a meaningful development and we need to assist this County to offset these huge debts. As we are speaking, the National Government agreed to assist the County Government of Nairobi to settle its debts.

With those few remarks, I will ask this County Assembly to assist the County Government of Nairobi with authority to resolve this. With those few remarks, I will ask my counterpart Minority Leader, Hon. Otieno to second the Motion. Thank you.

**Hon. Speaker:** Minority Leader.

**Hon. Elias Otieno:** You have just got me off guard, I was not aware but I will just do it on behalf of this House and Nairobi County. As I second this Motion, I would like to request my counterpart also to go and inform his boss to come back to his office and start working because there are several things that are not going on in the County. I heard that nowadays you have to go to Mlolongo to meet the Governor and I don't know if the office is there or in City Hall.

Therefore, it is very important to pass this Motion because the debt is too huge for the County. I can remember very well when Philip Kisia was the Town Clerk and George Aladwa was the Mayor, Hon. Geoffrey Majiwa, the former Mayor and I were against this thing when we were Councilors. Hon. Mbatia and Mberia were also there during that time as Councilors. I am giving you the history of this thing. We were all against this loan and the rest was for the loan, later on after they came back again and said that this thing is not good for the defunct City Council of Nairobi but I told them that it was already passed and nothing can be done about it because it was passed in a full Council meeting.

Genuinely if we want to help the County, we should pass this Motion to help the County of Nairobi because every time they must have an excuse that they have not paid the suppliers and contractors. There are lots of potholes all over and we have chairman of Transport who is always a joker, I don't know whether he is around.

If we go to our wards whereby we gave out bursary cheques, most of them are not genuine. I don't know if it was done deliberately. The issues of these bursary cheques are just like Miguna Miguna issue because you didn't want these cheques to come out and that is the reason why they have a lot of errors in them. Just like the way Miguna was nominated and he is not in Kenya. *(Laughter)* These cheques were stage managed. We need to correct the mistakes and money to be banked in the account for those poor people to get money to pay for their children. I beg to second and I ask all Members to pass the Motion. Thank you.

*(Question proposed)*

**Hon. Speaker:** Chair

**Hon. Robert Mbatia:** Thank you, Madam Speaker. I rise in support of the Motion that this assembly resolves to give the Executive a chance to engage on this. Madam Speaker, as it has been said and has been known is that every other year we are incurring more pending bills. Our Committee the Finance and Budget Appropriation Committee sat recently with the members of the executive, the finance and economic Sector in a candid meeting. What we thought of them Madam Speaker is that they were never serious of everything that they were doing throughout the budget process.

We asked them to take credible steps that would see them at least addressing certain issues that were in the budget. Most specifically the deficit that we have been having all along, the Kshs. 58 billion debt that the County has. They have not been taking any serious measure but today I am very much relieved and encouraged by the steps that the members of the Executive are taking at this point to ask this assembly for permission to go and re-engage with other financial lenders and the National government in refinancing this debt and many others.

Madam Speaker, I don't want to belabor this matter so much, but this is one of the very many steps we had asked them. We are also requesting them further to this; they continue to bring more legislative proposals such that we can enhance even the revenue collection. So Madam Speaker, I support.

**Hon. Speaker:** Hon. Clarence, who is with your card?

**Hon. Moses Ogeto:** Thank you. Hon. Speaker, I stand to support this Motion for one thing; when KCB was buying this loan during our time, that is 2014, it never followed the due process. When we had PAC Report, I remember even the MD of KCB came before the Committee and they had exaggerated an

interest of over Kshs. 98 million from the previous Equity Bank. I believe the Executive is not taking this House seriously and I want to thank the Leader of Majority by bringing this Motion. The County Executive should get very good administrators so that this debt which is around Kshs. 58 billion be reduced because this debt has been there since the time the likes of Majority Leader were Councilors. It was around Kshs. 5 billion. We are talking about 10 years down the line and again it is Kshs. 4.2 billion, this is ridiculous. It is so unfortunate that we have only paid Kshs. 800 million for the last 10 years.

Madam Speaker, even now when the Assembly resolves to get a very good financial institution, let this loan go in a decreasing manner. Note that we approve again here and the loan will get interest of another 200 million. After our term which is ending in 2022, the loan will be again at Kshs. 4.2 billion. As much as we want this debt to be settled, let Nairobian get their money in the right way. After 2 years again the Hon. Leader of Majority will come before this House and say; you know the Executive didn't consult and the loan is now Kshs. 4.2 billion.

Hon. Speaker, as I finish, let Nairobian get their public money to be utilized in accordance with the PFM Act and the law of the land. I beg to support. Thank you.

**Hon. Geophrey Majiwa:** Thank you, Madam Speaker. As I stand to support this Motion, I must first of all register my surprise that over 7 years down the line we are still discussing this loan and what disturbs me even more is the manner in which financial matters are handled in this County. May be some of us are not aware, it is good to share so that you make others also to be aware. This loan of Kshs. 5 billion, actually was part of the money that was taken from the bank to settle the debt that was between the City Council then, and the LAPFund.

You remember the other day we were giving away a whole estate here as Members of this County Assembly because of a debt. I realize that when we took this Kshs. 5 billion, that debt that was there was supposed to have gone down drastically, it never did and we had to give out a whole estate. I am telling Members of this House that if we are not careful this one is also going to go with another estate and take the same trend. It is important even as we pass this Motion; we are giving the Executive an authority to negotiate with the government to see how this debt can be settled. But then I want to point it out to the Majority Leader that in the Executive we do not have proper financial management and this is costing this County. You cannot come and tell us here to give an authority to pay debts yet the other side the story that we hear is that debts are not paid. Payment of debts on the other side is a crime and I don't know whether it is just rumours or it is true that at the end of every financial year, we are told that money has been returned to the Government yet we did not want to pay contractors. The same contractors are the ones who are going to take us to court and then people will come here to ask for authority to take loans to pay them again.

It is important even as we pass this the, Majority Leader should take the leading role to ensure that the Executive learn to pay debts because we cannot keep money in the bank and not pay debt; they accrue interest and we come here to ask for authority to negotiate. What are we negotiating for if we cannot even pay what we have in the bank accounts? We cannot negotiate and we have money in the bank accounts, we start with paying what we have and then we say we don't have money. Then we are given authority to

get more money to pay debts. Majority Leader, kindly you are my friend but this is not the way we should manage an institution like this one.

The Finance department is rotten in the other side, something has to be done. Payment must be made and if we are to pay debts, then we have to start with the ones we have now. A debt is a debt, and na *dawa ya deni ni kulipa*. It doesn't matter where it comes from but we have to pay people their money, we can't be asking for authority and we are not paying people their money. Thank you, Madam Speaker, I support the Motion.

**Hon. Chege Mwaura:** Thank you, Madam Speaker. I rise to support the Motion and may be to give a bit of some understanding for the debate. As it has been mentioned before that this loan was initially Kshs. 5 billion, it has been paid like Kshs. 800 million. I think from the government side, the fact that we are taking the process seriously because number one, this issue came up in the PAC report and the reason why it came was because the swapping never passed through the Assembly. I think the current Government must show seriousness that it won't fail to pay.

Secondly, it wants to use the due correct process and that is why through the Leader of Majority, they have started the process by first of all bringing it in this House. Madam Speaker, it shows that there is good will and there is political will---

*(Point of Order)*

**Hon. Speaker:** Just hold on for a Point of Order.

**Hon. Anthony Kiragu:** Madam Speaker, I am standing on Point of Order No. 100. I believe gauging by the mood of the House, maybe we can save time instead of getting lectures about the debt swapping and issues about the loan, I think the best thing would be to call the mover to reply so that we move to the next order of business. Thank you.

**Hon. Speaker:** Hon. Chege, finalize.

**Hon. Chege Mwaura:** Madam Speaker, I think this is very important you should not entertain certain Points of Order in the future. Much as he is my friend, you cannot interrupt a serious member contributing to a serious debate that is going to--- We are talking about this amount and it is important that the Mayor of the time has brought up an issue and we as the Government side cannot leave it unanswered. Anyway, I was just supporting and I was saying that our business is to pay and we want to pay and we will pay. What the Chairman of Budget will do----

*(Hon. Leader of Minority spoke off the record)*

**Hon. Speaker:** Order, Minority!

**Hon. Chege Mwaura:** Madam Speaker, protect me from the Leader of Minority. What the Chairman of Budget should do moving forward is to give us a report through the Debt Management Strategy Paper how they have been able to pay the loan. I think it would be good for the Chair of Planning to understand that it is important. The reason why it has remained like that for the last four years is that the Chair of Budget last time was not giving us timely reports with regards to that management of that debt.

Therefore, I know the capable Chair will give us timely reports of how the debt is going to be paid and I know the Government is very willing to pay. I support, Madam Speaker.

**Hon. Speaker:** Mover.

**Hon. Leader Majority:** Thank you, Madam Speaker. The Minority Leader should give me time to now reply. Madam Speaker, protect me from him. I want to assure the Minority Leader that our capable Governor is one of the most hardworking Governors. If you go around this city now, the potholes which my good friend is talking about are no more. We are seeing serious development being done in our respective wards and my good friends Imwatoke and the Minority Leader know that.

Madam Speaker, concerning the office the Governor, as we are speaking now he is in a meeting in Mombasa, the other day he was in Isiolo, he is working and he does not need to be in that office to be seen to be working.

Madam Speaker, the other day we were launching more than 5 roads with the Governor, that is work. I do not understand what the Minority Leader said that for the Governor to work he must be in his office. I do not understand that language. I was shocked when my good friend the former Mayor was speaking and he is telling us that he is surprised that we are still talking about this debt. He was the one who was defaulting. Madam Speaker, I know he was supporting it but he should not be surprised.

**Hon. Minority Leader:** Point of Order.

**Hon. Leader Majority:** On what?

**Hon. Speaker:** Order, Minority Leader.

**Hon. Minority Leader:** Madam Speaker, I think I was---

*(Loud consultations)*

Madam Speaker, this Government is very serious in honoring its debt. When Governor Sonko took up the onus as the second Governor of this city, he started by offsetting 980 million which was taken by the previous County Government and as we are speaking, that debt is no more. That shows how serious this Government is. I want to assure Hon. Majiwa that no money has been returned to the National Treasury. I know my good friend, Hon. Majiwa supported the Motion but he was having some reservations which I am now taking care of and that is what I am doing. Hon. Otieno should know that I am just replying to some issues which were raised by Member.

Madam Speaker, the issue of cheques, the money for bursary is there, the bursaries are not fake. You know we lost some cheques because of rouge members, they went there and took some files with force and that is the reason some members here are missing their assets. That is not the responsibility of the County Government when you become roguish yourself. You went and took up the chairs---

*(Loud consultations)*

I stand guided, Madam Speaker and I withdraw the word rouge. When the County Government engaged with KCB, they did not follow the due process and as we are speaking now, that is the reason this County Government is doing the due diligence and following the process as per the County Government

Act, PFM Act and the Constitution. That is the reason we are bringing--- *(Loud consultations)*. Madam Speaker, protect me from this guy. I beg to reply, thank you.

*(Question put and agreed to)*

**Hon. Speaker:** Next order.

## BILL

### *Second Reading*

#### SPORTS MANAGEMENT AMENDMENT BILL, 2018

**Hon. Speaker:** Let me first propose the Motion because I remember it was moved and seconded.

*(Question proposed)*

**Hon. Kennedy Oyugi:** Thank you, Madam Speaker. That new paragraph 3(HA) be now read a second time

**Hon. Speaker:** Hon. Oyugi, you have to wait for the Committee of the Whole House to move the amendments. I thought you wanted to speak on the Bill.

**Hon. Kennedy Oyugi:** Okay.

**Hon. Speaker:** Do you have something to speak on, Hon. Ogeto?

**Hon. Moses Ogeto:** Hon. Speaker, I want to congratulate the Chairperson for ensuring that today we have copies of the Bill. I have seen how they are going to ensure that the composition of the Act is actualized and defined and therefore I stand here to support it. I hope that it sees the light of day. I beg to support. Thank you.

**Hon. Speaker:** Hon. Kiragu, do you wish to speak on it? Mbote, do you wish to speak on this Bill?

**Hon. Magret Mbote:** Madam Speaker, I pressed the mic by mistake.

**Hon. Speaker:** Hon. Oyugi, you are now the mover since the Chairperson is not in. Just a minute. Minority Leader?

**Hon. Elias Otieno:** Madam Speaker, since this session is going to take some time, I wish to request that you skip to Order No. 11 on Adjournment because we might lack quorum and let the Majority Leader move it

**Hon. Speaker:** I wanted to call in the mover to reply as part of the sequence then send you to the Committee of the Whole of which has very few amendments, if you don't mind Minority Leader then we finalize. Hon. Oyugi, reply.

**Hon. Kennedy Oyugi:** Thank you, Madam Speaker. I want to thank the House and Members for supporting the Bill. When the Bill was last brought to the House, there were a few concerns raised by the Hon. Minority Whip on the amendments. I don't know whether it will be in order for me to read the parts that we are amending or everyone has copies of the amended Act?

**Hon. Speaker:** Everyone has a copy

**Hon. Kennedy Oyugi:** If everyone has a copy then I will take this opportunity to thank all the Members for supporting the amendment Bill. I beg to reply. Thank you.

*(Point of Order)*

**Hon. Moses Ogeto:** Hon. Speaker, I am on a Point of Order No. 41. Since we have Adjournment Motion, I would wish you change the sequence of the Order Paper so that we can go to Motion No.11.

**Hon. Speaker:** Thank you. Majority Leader.

**ADJOURNMENT MOTION**ADJOURNMENT OF THE ASSEMBLY TO TUESDAY 24<sup>TH</sup> JULY, 2018 IN ACCORDANCE TO THE CALENDAR

**Hon. Abdi Hassan:** Thank you, Madam Speaker. THAT pursuant to the provisions Standing Order No.29, this Assembly adjourns until Tuesday 24<sup>th</sup> July, 2018 in accordance to the calendar of the County Assembly. This will allow Members to go and see their electorates, know their grievances and report back to this Assembly. With those few remarks, I will ask the Deputy Minority Whip to second the Motion.

**Hon. Moses Ogeto:** Thank you, Hon. Speaker. Since Members are giving out bursaries, it is a good time we adjourn. It will also allow Members to interact with their electorates. We are only going for two weeks and it is proper for Members to go back to their wards and give back to the electorates. I beg to second.

*(Question proposed)*

**Hon. Speaker:** Hon. Themendu.

**Hon. Jeremiah Themendu:** Thank you, Hon. Speaker, I wish to support the Motion because last week we had so much work to do giving bursaries and we have not yet finished. I beg to support.

**Hon. Speaker:** Hon. Immapet.

**Hon. Immapet Kemunto:** Thank you, Madam Speaker, I beg to support the Motion because some of us are going for sports and this is the ample time that we have to train for various sports activities. Those Members who will join various sports activities, you are welcome. As netballers, we are going to have a tough match next week part one, pray for us. I support the Motion, Thank you.

**Hon. Speaker:** Hon. Okumu.

**Hon. Nicholas Okumu:** Thank you, Madam Speaker, I would also wish to support. I know Members have various development projects within their wards and it is the right time they go and inspect what is going on so that they are able to interact well with their residents. We are going for a recess but we are going to come back with a lot of issues especially now reports are coming in that most of the bursary cheques that we have issued out, parents are telling us that banks are rejecting them. As much as we are going for recess, I will implore on the Committee on Education to look on the issues as to why they are rejected. I beg to support.

**Hon. Speaker:** Hon. Majiwa:

**Hon. Geophrey Majiwa:** Thank you, Madam Speaker. I support this Motion because I know it is important for every worker in this country to get a break. It is important we get this break so that we can consult with our electorates. I am only worried because I don't know whether I am still within the Orders of the House. I was supposed to be answered by the Chairman, Committee on Budget and Appropriations on something so sensitive that we can't adjourn unless I am answered because this will be a serious problem if he says he will answer me after the recess. Thank you, Madam Speaker, I support the Motion.

**Hon. Speaker:** This is a Motion that we never put a question. I can see Hon. Pius is not in the House to proceed with his Motion.

## ADJOURNMENT

**Hon. Speaker:** I want to wish you well as we adjourn. The House is adjourned until Tuesday, 24<sup>th</sup> July, 2018 at 2:30 p.m.

*(The House rose at 4:30 p.m.)*
