NOTICE PAPER I

Tentative business for
Thursday, 7th June, 2018

(Published pursuant to Standing Order 39(1))

IT IS NOTIFIED that the Assembly Business Committee, at their last meeting, approved the following tentative business to appear in the Order Paper for Thursday, June 7, 2018:-

A. MOTION - HON. DAVID AYOI, MCA

THAT, aware that a number of riparian lands in the County have been grabbed and developed without proper approval; **FURTHER AWARE** that a number of Members of the County Assembly have raised issues on grabbing of riparian lands by private developers; **APPRECIATING** that healthy riparian vegetation helps to reduce stream bank erosion and maintain stable stream channel geomorphology; **FURTHER APPRECIATING** that a number of interventions had been initiated by various actors like The National Environmental Management Authority (NEMA) and the previous County Administration in a move that appeared a little too late; **DISTURBED** that a number of unfit establishments and storey buildings in the County have encroached the reserved riparian lands, attracting devastating disasters like collapse of buildings leading to loss of lives and property; **FURTHER DISTURBED** that the level of encroachment on the riparian lands has seen the County experience flash floods and clogging of drainage systems in major parts of the County, this Assembly **RESOLVES** that the County Executive moves with speed and conduct an assessment of all the riparian lands in the County and forward a comprehensive report of the riparian lands and their development status within 60 days.
