Subject: Policy for buildings to have rainwater collection and storage systems

THAT, aware that Article 43 (1) (d) of the Constitution, 2010 states that every person has a right to clean and safe water in adequate quantities; further aware that paragraph 11 (b) of the Part Two of the Fourth Schedule to the Constitution stipulates that County Government is to provide County public works and services including water and sanitation services; recognizing the provisions of Paragraph 8 of part two of the Forth Schedule of the Constitution, 2010 which states that county planning and development including housing is a function of the county government; concerned that most parts of the County especially informal settlements lack clean, safe, sufficient and affordable water, which has led to introduction of rationing of water by the Nairobi City Water and Sewerage Company and untreated water supply businesses within the County; acknowledging that the Nairobi City Water and Sewerage Company has continuously rehabilitated various sources of its water to ensure clean and adequate

water supply in the County; noting that the increasing population in the County implies increasing demand for basic amenities such as water supply, which the County is unable to meet with the current water supply strategies; further noting that with proper planning, harvesting and storage, rain water can greatly supplement piped water in the County, this Assembly urges the County Executive to develop a policy to compel all owners of buildings in the County to ensure that all buildings are fixed with rainwater collection and storage systems to provide water harvesting and conservation in the County.

(Published pursuant to Standing Order 39(1))

A. *MOTION – HON. DAVID N. MBERIA, MCA (LEADER OF MINORITY)

Subject: development of a comprehensive Health Sector Strategic Plan and Investment

THAT, aware that Access to and provision of quality health care is a basic right guaranteed by the 2010 Constitution of Kenya; **FURTHER AWARE** that health is a devolved function under the Constitution, specially under the Fourth Schedule, Part II, which provides that the County shall be responsible for health services, including, in particular county health facilities and pharmacies; ambulance services; promotion of primary health care; **OBSERVING** that whereas the devolution of health services was intended to usher in a new dawn in health services management, recent experience from Nairobi residents in health facilities indicate a slowed realization of the same; **RECOGNIZING** that the County government has indeed invested heavily in its facilities, which investment has seen great improvements in provision of health services across County health facilities; **DEEPLY CONCERNED** that despite the foregoing, the sector is currently bedeviled with monumental challenges ranging from capacity gaps, human resource deficiency, lack of critical legal and institutional infrastructure, rampant corruption and a conflictual relationship with the national government; **REALIZING** that the net effect of these challenges is the stagnation of healthcare and even a reversal of some gains made over the past six years; **ACKNOWLEDGING** that the previous administration had a draft strategic plan and investment such challenges, this Assembly urges the County Executive to move with speed and finalize on the draft plan and/or develop a comprehensive Health Sector Strategic Plan and Investment that will address the various challenging bedeviling the health services in the County.
