NOTICE PAPER I

Tentative business for **Thursday, 18th June, 2026 at 2.30 p.m.**

(Published pursuant to Standing Order 41(1))

IT IS NOTIFIED that the Assembly Business Committee, at its last meeting, approved the following ***tentative*** business to appear in the Order Paper for Thursday, 18th June, 2026 at 2.30 p.m.: -

1. *BILL- THE NAIROBI CITY COUNTY ALCOHOLIC DRINKS CONTROL AND LICENSING (REPEAL) BILL, 2026 (ASSEMBLY BILL NO.3 OF 2026)

Subject: *Second Reading*

The Nairobi City County Alcoholic Drinks Control and Licensing (Repeal) Bill, 2026 (Assembly Bill No.3 of 2026)

(Hon. Clarence Munga, MCA – Chairman, Sectoral Committee on Culture & Community Services)

(Second Reading)

2. *MOTION – HON. KENNEDY OYUGI, MCA

Subject: *Development of climate change mitigation program in partnership with NEMA to enable participation in carbon credit market for sustainable development*

AWARE THAT AWARE THAT, climate change continues to pose a significant threat to sustainable development, urban resilience, environmental protection, and public health, particularly within rapidly growing cities such as Nairobi City County; **FURTHER AWARE THAT**, Kenya is a signatory to the *Paris Agreement* and has committed to reducing greenhouse gas emissions under its Nationally Determined Contributions (NDCs), thereby requiring coordinated action across both National and County Governments; **NOTING THAT**, the Climate Change Act, 2016, the Nairobi City County Climate Change Act, 2024 and the Environmental Management and Co-ordination Act (EMCA) mandate collaboration between the two levels of government in implementing climate change mitigation and adaptation strategies; **APPRECIATING THAT** the County Government of Nairobi developed the Nairobi City County Climate Change Action Plan 2020-2050 which targets carbon neutrality by 2050 by aiming a 66% emissions reduction below business-as-usual scenarios; **ACKNOWLEDGING THAT**, carbon credit mechanisms and climate finance frameworks provide an opportunity for governments to generate revenue through verified emission reduction initiatives, including programs in waste management, renewable energy, afforestation, sustainable transport, and energy efficiency; **COGNIZANT THAT**, effective participation in carbon credit markets requires structured collaboration with National Government agencies, including the Ministry responsible for Environment and Climate Change, the National Environment Management Authority (NEMA), and other regulatory and technical institutions; **FURTHER NOTING THAT**, Nairobi City County continues to experience increasing greenhouse gas emissions driven by urbanization, traffic congestion, waste management challenges, and energy consumption patterns; **RECOGNIZING THAT**, the establishment of a coordinated climate change mitigation program will not only contribute to emission reduction but also enable the County Government to access carbon credit markets, generate sustainable revenue, and reinvest such proceeds into development programs for the benefit of residents; **NOW THEREFORE**, this Assembly resolves that:

.../Notice Paper I

- i. The County Government, in collaboration with National Government institutions, establishes a clear framework for the identification, development, validation, verification, certification, and registration of carbon credit projects across key sectors including waste management, renewable energy, urban forestry, sustainable transport, and energy efficiency;
- ii. The County Executive formally partners with National Government agencies such as the Ministry responsible for Environment and Climate Change, the National Environment Management Authority (NEMA), and other relevant bodies to ensure compliance with national laws, international standards, and carbon market protocols;
- iii. The County Government mobilizes partnerships with private sector actors, development partners, and climate finance institutions to access technical expertise, funding, and market linkages necessary for carbon credit generation and trading; and,
- iv. Revenue generated from carbon credit initiatives be ring-fenced and utilized to finance climate action programs and other priority County development projects that promote sustainable development.
