The Committee is established under Standing Order No. 189 of the Mombasa County Assembly Standing Orders.

The Committee was taken through a brief presentation by the Chairman, Hon. Nazir Rashid on the Committee's achievements and challenges as follows:

3.2. Implementation of resolutions

The Chairperson of the Mombasa County Assembly Select Committee on Implementation informed that the Committee had a good working relationship with the County Executive therefore implementation of Assembly resolutions was

excellent as most of the resolutions had been implemented. However, he informed that sometimes the County Executive fails to honor the Committee meetings when invited.

He further informed that Mombasa County being one party County they didn't have Members from Opposition therefore the Assembly was able to pass critical resolutions without interference from Opposition. He further informed that those who oppose the County Executive are threatened and denied of their privileges such as spearheading development in their Wards. Some members had decamped to other Parties as a result.

3.3. Achievements

The Chairperson of the Mombasa County Assembly Select Committee on Implementation informed that the Committee has steered the operationalization of the Early Childhood Education Act which provides for construction of Early Childhood Education Centres where the priority was given to the Sub-Counties in a five (5) year plan. He added that the most Centres were to be constructed in public schools; in addition the County Government implements the provision of free milk feeding programme for pupils from nursery to standard three. This is done in conjunction with the respective school management.

The Government of Mombasa County has also invested in polytechnics as it supports students from lower economic areas by paying 70 percent of fees for polytechnics.

In the Health Sector, the County Government of Mombasa has invested in the refurbishment of the Coast General Hospital for the residents to have quality health services as required by Article 41 (1) (a) of the Constitution of Kenya 2010. The Committee has followed up on the implementation of the same.

4.0. COMMITTEE OBSERVATIONS

Following the study visit to the Mombasa County Assembly and more so the Early Childhood Education Centre in Tononoka Ward which was held on the second day of the visit; the Committee observed the following;

That the County Government of Mombasa works in conjunction with public primary schools to provide early childhood education to the pupils where the ECDE centre is located in the primary school compound;

That County Government converted a Social Hall into an Early Childhood Education Centre and furbished it the modern standards. This was done in partnership with non-governmental organizations such as Madrasa Early Childhood Programme Kenya; Aga Khan Foundation; Foreign Affairs, Trade and Development Canada among others;

That the partnership between the County Government of Mombasa and non-governmental organizations especially those from Asia, who are interested in children by funding the projects directly through provision of necessary materials and training of ECD staff. This is done to avoid misappropriation of funds and ensure transparency.

5.0. COMMITTEE RECOMMENDATIONS

Following the study visit to the Mombasa County Assembly, the Committee urges this Assembly to resolve as follows;

1. That County Executive do convert some Social Halls at the Sub-County into an Early Childhood Education Centre and furbish them to the modern standards. This will save the cost of purchasing land which is skyrocketing in the County;
2. that County Executive to work in conjunction with public primary schools to provide early childhood education to the pupils by constructing ECDE centres in the primary school compound; and
3. That the County Executive should work in partnership with non-governmental organizations who are interested in the County projects.
