RE: SUBMISSION OF 2017/2018 BUDGET AND OTHER BUDGET INFORMATION

Pursuant to Section 130 of the Public Financial Management Act 2012 which requires the County Executive Member for Finance to submit the 2017/2018 budget together with other documents to the County Assembly for consideration. Following approval by the County Executive and in accordance to the relevant provision of the law we wish to submit the following documents and other information for consideration by the Assembly.

1. 2017/2018 Budget Estimates that includes:

- * Programme Based Budget for 2017/2018 showing expenditure by vote and by program.
- * Detailed Itemized budget for 2017/2018 that includes a budget summary showing entities that are to receive funds from the budget, revenue projections from both the National Government and internal revenues.

2. ENFORCEMENT OF FISCAL RESPONSIBILITY PRINCIPLES:

In line with the Constitution ,the Public Finance Management Act ,2012 sets out the fiscal responsibility principles to ensure prudent and transparent management of public resources.

Section 107 (2) states that in managing the county's public finances the county treasury shall enforce the following fiscal responsibility principles:

- (a) The county government's recurrent expenditure shall not exceed the county government's total revenue.

Total expenditure is Kshs24.1billion against total projected revenues of Kshs 35.9billion.

- (b) Over the medium term a minimum of thirty percent of the county governments budget shall be allocated to the development expenditure.

Total allocation of development expenditure is Kshs11.8billion which is 33% of total expenditure of Kshs 35.9billion.

- (c) The County government's expenditure on wages and benefits for its public officers shall not exceed 35% of the county government's total revenue.

The total projected personnel cost is Kshs 15.4billion which is 43% % of total revenues. This is due to the workforce inherited from the Nairobi city council and those that were transferred with the devolved functions. To curb wage bill, the county government will undertake the following measures; payroll cleansing, Adoption of technology, Limiting recruitment only to unavoidable demands, preparing a sendoff package to motivate early retirement of less productive staff and also proper and efficient management of hiring of casual labour and consultancies.

- (d) Over the medium term ,the governments borrowings shall only be used only for the purpose of financing development expenditure and not for recurrent expenditure. Short term borrowing shall be restricted to cash flows and shall not exceed five percent of the most recent audited county government revenue.

The ceiling for borrowing will be articulated in the County debt management strategy paper 2017/18. The county government will make sure that borrowing will be exclusively for capital expenditure whenever it becomes necessary to pursue this option for capital financing.

- (e) The County debt shall be maintained at a level sustainable level as approved by the county assembly.
-

The county government will ensure that both the level and rate of growth in debt is basically sustainable since high debt portfolio will continue to impact negatively on the county operations. This will be done by reducing county expenditure at the same time coming up with mechanisms to increase revenue so that more funds will be available for debt servicing

3. Policies to be adopted in the implementation of the 2017/2018 budget.

- **Expenditure and Cost Management:** The government is committed to ensuring prudent application of public resources for maximum returns to the public. In this regard, ongoing reforms in public procurement will be accelerated in 2016/17 to guarantee value for money in each expenditure. Benchmarking market prices for goods and services with the Public Procurement Oversight Authority's guidelines, shortening the duration of effecting payments for goods/services rendered and enforcing strict adherence to terms and conditions of contracts.
- **Revenue Management:** Challenges continue to hamper full realization of Internal revenue targets towards financing the budget. These below par outcomes are attributed to weak revenue collection systems, non-optimal collection in major revenue streams particularly in Rates and Parking, leakages in the system due to inadequate internal controls and undercharging in some areas.

In this regard, the government will accelerate the pace of automation of the revenue collecting system to enhance effective collection, seal existing loopholes, tighten internal controls to eliminate pilferage, update the property and business registers so as to widen the tax base. A regular review of fees and charges through the finance bill will be carried out on a timely basis.

- **Debt Management:** The County will ensure that both the level and rate of growth in debt is fundamentally sustainable since high debt portfolio will continue to impact negatively on the county operations. Reducing county expenditure at the same time coming up with mechanisms to increase revenue is the basic methodology for freeing up funds for development and debt servicing. Timeliness in debt servicing and remittance of statutory payments will be adhered to reduce interests and also avoid penalties. Compliance to the Debt Management Strategy Paper and Debt Payment Schedules is also key.
- **Deficit Financing:** Though the budget submitted is balanced challenges in revenue collection still abound. In this regard and in order to ensure expenditure commitments matches actual revenues the government will pursue measures aimed at ensuring quarterly commitments matches actual revenues by setting expenditure limits for every sector based on the available resources per quarter. This will ensure the annual deficit occasioned by fall in revenues is eliminated or minimized.

6.County Fiscal Strategy Paper 2017/2018 the County Assembly Resolutions:

- That in compliance with the provision of Section 107 (2) (c) and Regulation 25 (1) (b) the Assembly resolves that the County continues implementing the freeze on replacement of employees leaving the service due to natural attrition and retirement as approved in the CFSP for the FY 2016-17. The County maintains the freeze any additional employment over the medium term and that any specialized employment requirement shall be subject to budgetary provision as approved by this County Assembly;

In line with this resolution, only provision for new recruitments proposed by Public Service Management in the 2017/2018 budget is only Kshs 254million for the hire of additional enforcement staff and fire officers to replace the aging personnel to enhance service delivery

- That the total allocation and expenditure on development for the County Government for the next two financial years shall not be less than 32% of the total county budget;
Total allocation for development expenditure is 33% of total expenditure.

- That the County Treasury avails the specific projects and programmes for all sector while tabling the estimates;

List of specific projects for implementation in 2017/2018

- That the County implements and finalizes the incomplete projects from the previous financial years;

All sectors have given priority to any project likely to roll over to the year 2017/2018.

- That the Public Service Management develops a policy to guide Voluntary Early Retirement;

The Public Service management has been mandated to develop a policy to guide the early voluntary retirement programme as resolved also during the budget conference

- That the Legal Affairs department develops a policy regarding decretal fees and that the same be presented to this County Assembly for consideration;

The policy on decretal fees will be developed and submitted to assembly for consideration.

- That the ICT Sector develops and presents to the County Assembly for approval the ICT policy considering the role of the various Sectors in coming up with IT related activities;

The ICT sector is committed to developing an ICT Policy to guide the implementation of the ICT strategy for all County Departments

- The CEC Finance to come up with proper policies to regulate commitments to match quarterly commitments to revenues for each quarter;

Policies to match actual revenues to commitments will be developed

- That measures be initiated to ensure that actual expenditure on wages and salaries reduces gradually to 35% by FY 2020/21;

The County has initiated consultative forums to come with ways to deal with huge wage bill. Specifically the County will be holding one such forum from 16th-17 March 2017.

- That the County through its various departments, in compliance with the Nairobi City County Public Participation Act 2015, ensures that there are sufficient allocations not less than 2% of total county revenues for public participation;

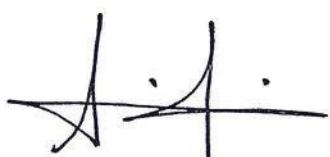

The County Public Participation Act requires every department to provide at least 2% of the allocation for public engagements in the development of various policies or programmes or projects. All activities requiring public engagement have have been fully funded.

- That the Budget for County Executive Services be enhanced by Kshs.30million to cater for the allowances and activities of the non- state actors of the County Budget and Economic Forum;
Kshs 30million has been provided for the operations of CBEF-Non State Actors under the County Executives Services sub-vote no 5312000201 subject to approval of the work plan by the entire CBEF.

7. Loans Made To County Government.

- The County Government inherited a loan from the defunct City Council of Nairobi which was taken from Equity Government in the year 2011. The loan was renegotiated and transferred to Kenya Commercial Bank in order to spread the loan over a longer period due to the effect on cash flows. The amount payable to KCB is Kshs 52million per month or Kshs 624million annually for both principal and Interest)

We trust that the information provided will be adequate to enable the Assembly to consider and approve the budget and other documents in the shortest time possible.

PART B. Mission

To provide affordable, accessible and sustainable quality services, enhancing community participation and creating a secure climate for political, social and economic development through the commitment of a motivated and dedicated team

PART C. Performance Overview and Background for Programme(s) Funding

The County Public Service Board (CPSB) is established under section 57 of the CGA as a body corporate with perpetual succession and seal capable of suing and being sued in its corporate name. It formally began its operations in March, 2013 after the first elections operationalizing the Constitution of Kenya, 2010. The functions of the CPSB are provided for in Section 59 (1) of the CGA as to: 1. Establish and abolish offices in the county public service; 2. Appoint persons to hold or act in offices of the county public service including in the Boards of cities and urban areas within the county and to confirm appointments; 3. Exercise disciplinary control over, and remove, persons holding or acting in those offices as provided for under this Part; 4. Prepare regular reports for submission to the county assembly on the execution of the functions of the Board; 5. Promote in the county public service the values and principles referred to in Articles 10 and 232; 6. Evaluate and report to the county assembly on the extent to which the values and principles referred to in Articles 10 and 232 are complied with in the county public service; 7. Facilitate the development of coherent, integrated human resource planning and budgeting for personnel emoluments in counties; 8. Advise the county government on human resource management and development; 9. Advise county government on implementation and monitoring of the national performance management system in counties; 10. Make recommendations to the Salaries and Remuneration Commission, on behalf of the county government, on the remuneration, pensions and gratuities for county public service employees.

5314000000 FINANCE & ECONOMIC PLANNING

PART A. Vision

To be a leading sector in public policy formulation, implementation, coordination, supervision and prudent resource management.

PART B. Mission

To provide overall leadership and policy direction in resource mobilization, management and accountability for quality public service delivery.

PART C. Performance Overview and Background for Programme(s) Funding

In the FY 2015/16, Revenue, Accounting, Supply Chain departments refurbished their offices. Budget and Accounting Departments purchased computers and IT equipment. Internal audit and Revenue department purchased motor vehicles. Debt Strategy Management Paper 2015/16 was prepared and approved. Economic planning department carried out customer satisfaction survey and produced three monitoring and evaluations (M&E) reports. These reports enhanced tracking of results in all the sectors in the county. Statistical Database Management System was initiated in the FY 2015/16. CFSP, CBROP and budget estimates for FY2016/17 were produced and approved. CIDP review was also undertaken in FY 2015/16. Finalization of the FY 2014/15 final accounts was achieved in FY 2015/2016. Annual Development Plan for FY 2015/16 was prepared in accordance with Article 220(2) of the Constitution. The sector ensured that the county budget for FY 2015/16 adhered to fiscal responsibility principles set in the PFM Act 2012. The budget estimates for FY 2016/17 was prepared and submitted on time to the County Assembly as provided under section 125 of the PFM Act, 2012. The estimates were prepared in accordance with the objectives of the Medium Term Expenditure Framework (MTEF) as provided for under section 130(1) (b) (ii) of the Public Finance Management Act, 2012. Quarterly Budget Implementation reports for FY 2015/16 was prepared and forwarded on time to the Controller of Budget as it is provided in the PFM Act 2012. Medium Term Expenditure Framework (MTEF) budget making process was carried out during the review period and this increased public participation in budget making process in the county. The public consultative forums culminated to the preparation of CFSP 2016/17. Table 1 gives a summary of sector programme performance in 2015/16.
