**3. STATEMENT OF PERFORMANCE AGAINST COUNTY LIQUOR BOARD
PREDETERMINED OBJECTIVES**

**COUNTY INTEGRATED DEVELOPMENT PLAN (CIDP)-2018-2022
COUNTY LIQUOR AND LICENSING BOARD**

Vision

A Nairobi County free from alcohol and drug abuse.

Mission

To lead and coordinate the fight against alcohol and drug abuse through implementation of the national government policy on alcoholic drinks and for the control, licensing, advocacy, awareness creation, sale and consumption of alcoholic drinks and for connected purposes in Nairobi county.

Development Challenges

Alcohol and Drug abuse affects the nation as a whole-both urban and rural areas, cutting across the social class. It is not only in slums or low income areas where people are poor and unhappy but also with families living under better conditions (rich and calmer) where children are better controlled. According to the National Campaign against Drug Abuse (NACADA) the past twenty years has seen drugs and drug abuse soar to an extent that it now cuts across all sectors of life. The level of drug abuse is startling because of the fact that many young people are getting introduced to drug abuse each day. Alcohol, bhang and tobacco are increasingly being abused by school going children.

Development challenges associated with alcohol and drug abuse are: A lot of resources are channelled to manage or control the menace by the government for instance to rehabilitate addicts that could have otherwise been used for development purposes; alcohol and substance abuse results in social issues such as family break ups and immorality in families; low productivity at the work places and schools has been associated with drug abuse. This is because it results in absenteeism and inefficiency at the work place leading to job losses. In some cases it results in deaths thus reducing the labour force; traffic accidents: most of road accidents have

been linked to alcohol and drug abuse; crime: police records indicate relations between alcoholism and various aggressive and criminal acts. Crimes are usually planned in liquor shops and bars where alcohol is sold. People may resort to embezzlement, forgery, corruption, bribery and extortion in order to manage their drinking habits and; alcohol and drug abuse has been a major threat to savings especially in the informal sector employment. This is because most of the income is consumed in through alcohol and drugs.

The liquor licensing board has been inhibited to combat the above challenges due to the following challenges: Lack of sub-county offices; inadequate motor vehicles; inadequate resource allocation and; conversion of residential areas into commercial areas which has brought up regulation problems in the city.

In view of the aforementioned challenges, the Board has identified six strategic objectives to address the above challenges. These objectives have been converted into development outcomes which are linked to identifiable and measurable outputs and activities together with SMART indicators to measure and track performance.

Strategic Objectives

1. To provide and facilitate the development and operation of rehabilitation facilities, programs and standards for persons with substance use disorders through licensing and regulations in collaboration with other lead agencies;
2. To coordinate and facilitate public participation in the control of alcohol and drug abuse;
3. To coordinate and facilitate inter-agency collaboration and liaison among lead agencies responsible for alcohol and drug demand reduction;
4. To facilitate and promote the monitoring and surveillance of national and international emerging trends and patterns in the production, manufacture, sale, consumption, trafficking, promotion of alcohol and drug abuse in collaboration with other lead agencies;
5. To coordinate the formulation of county policies, laws and plans of action on control of alcohol and drug abuse in collaboration with other lead agencies and non-state actors;
6. To promote and coordinate research on alcohol and drug abuse.

7.8. SIGNIFICANT ACCOUNTING POLICIES

The principle accounting policies adopted in the preparation of these financial statements are set out below:

1. Statement of compliance and basis of preparation

The financial statements have been prepared in accordance with Cash-basis IPSAS financial reporting under the cash basis of Accounting, as prescribed by the PSASB and set out in the accounting policy notes below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions.

The receivables and payables are disclosed in the Statement of Assets and Liabilities.

The financial statements are presented in Kenya Shillings, which is the functional and reporting currency of the entity all values are rounded to the nearest Kenya Shilling. The accounting policies adopted have been consistently applied to all the years presented.

The financial statements comply with and conform to the form of presentation prescribed by the PSASB.

2. Reporting entity

The financial statements are for the Nairobi City County Alcoholic Drinks Control and Licensing Board. The financial statements encompass the reporting entity as specified under section 164 of the PFM Act 2012.

3. Recognition of receipts and payments

a) Recognition of receipts

The Nairobi City County Alcoholic Drinks Control and Licensing Board recognises all receipts from the various sources when the event occurs and the related cash has actually been received by the Liquor Board.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

County Own Generated Receipts

These include Appropriation-in-Aid and relates to receipts such as trade licences, income generated by the Liquor Board. These are recognised in the financial statements the time associated cash is received.

b) Recognition of payments

The entity recognises all expenses when the event occurs and the related cash has actually been paid out by the entity.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of goods and services

Goods and services are recognized as payments in the period when the goods/services are consumed and paid for. Such expenses, if not paid during the period where goods/services are consumed, shall be disclosed as pending bills.

Acquisition of fixed assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

A fixed asset register is maintained by each public entity and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the consolidated financial statements.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the at various commercial banks at the end of the financial year.

Restriction on cash

Restricted cash represents amounts that are limited /restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation.

Amounts maintained in deposit bank accounts are restricted for use in refunding third party deposits. As at 30th June 2020, this amounted to 149,963,097.30.

There were no other restrictions on cash during the year

5. Accounts Receivable

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year is treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. BOARD**

For the year ended June 30, 2020

6. Accounts Payable

For the purposes of these financial statements, deposits and retentions held on behalf of third parties have been recognized as accounts payables. This is in recognition of the government practice of retaining a portion of contracted services and works pending fulfilment of obligations by the contractor and to hold deposits on behalf of third parties. This is an enhancement to the cash accounting policy adopted and prescribed by the Public Sector Accounting Standards Board. Other liabilities including pending bills are disclosed in the financial statements.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Non-current assets

Non-current assets are expensed at the time of acquisition while disposal proceeds are recognized as receipts at the time of disposal. However, the acquisitions and disposals are reflected in the entity fixed asset register a summary of which is provided as a memorandum to these financial statements.

8. Pending bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they are recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the *entity* at the end of the year. Pending bill form a first charge to the subsequent year budget and when they are finally settled, such payments are included in the statement of receipts and payments in the year in which the payments are made.

9. Contingent Liabilities

A contingent liability is:

- a) A possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or
- b) A present obligation that arises from past events but is not recognised because:
 - (i) It is not probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; or
 - (ii) The amount of the obligation cannot be measured with sufficient reliability.

Some of contingent liabilities may arise from: litigation in progress, guarantees, indemnities. Letters of comfort/ support, insurance, Public Private Partnerships,

The Entity does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefits or service potential is remote. Annex 6 of this financial statement is a register of the contingent liabilities in the year.

Section 185 (2) (i) of the PFM Act requires the County Government to report on the payments made, or losses incurred, by the county government to meet contingent liabilities as a result of loans during the financial year, including payments made in respect of loan write-offs or waiver of interest on loans

10. Contingent Assets

The Entity does not recognize a contingent asset, but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

11. Budget

The budget is developed on the same accounting basis (cash basis), the same accounts classification basis, and for the same period as the financial statements. The *entity's* budget was approved as required by Law and as detailed in the County Revenue Allocation Act. The original budget was approved by the County Assembly for the period 1st July 2019 to 30 June 2020 as required by law. There was one number of supplementary budgets passed in the year. A high-level assessment of the *entity's* actual performance against the comparable budget for the financial year under review has been included in an annex to these financial statements.

12. Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

13. Subsequent events

Events subsequent to submission of the financial year end financial statements to the National Treasury and other stakeholders with a significant impact on the financial statements may be adjusted with the concurrence of National Treasury.

14. Errors

Material prior period errors shall be corrected retrospectively in the first set of financial statements authorized for issue after their discovery by: i. restating the comparative amounts for prior period(s) presented in which the error occurred; or ii. If the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and net assets/equity for the earliest prior period presented.
