REQUEST FOR STATEMENTS

Subject: Status of construction of St. Martin Road in Huruma Ward

Hon. Speaker,

Pursuant to Standing Order 45(2)(c), I wish to request for a statement from the Chairperson of the Sectoral Committee on Transport and Public Works regarding the status of construction of St. Martin Road in Huruma Ward.

Hon. Speaker, the road has neither culvert trenches nor a proper drainage system. In addition, there are electric poles left in the middle of the road.

Hon. Speaker, the materials used for construction seem to be sub-standard which may lead to loss of county funds.

Hon. Speaker, in the statement, the Chairperson should inquire into and report on:-

- i) The standard of materials used in the construction of the road;
- ii) The amount allocated for construction and how much has been paid to the contractor to date;
- iii) Whether the County Executive has plans to improve on the drainage of the road, construction of culvert trenches and removal of the electric poles in the middle of the road.

Hon. David Okello, MCA.
MEMBER FOR HURUMA WARD

Date: December 14/2/2019
