**REQUEST FOR STATEMENT**

---

**Hon. Speaker,**

Pursuant to Standing Order 45(2)(c), I wish to request for a statement from the Chairperson of the Sectoral Committee on Environment and Natural Resources regarding cleaning and garbage collection in Nairobi county, specifically in Nairobi South Ward.

**Hon. Speaker,** the focus of Nairobi county Government is to provide professional and eco-friendly rubbish removal and collection service in the city. Even though the county is set to venture into the cleaning of all the wards in the city, this process has been an eyesore to Nairobi residents who have been pointing accusing fingers at the county government since the garbage backlog had piled up.

**Hon. Speaker,** however, efforts by the county to ensure timely collection and disposal have always been thwarted by unknown persons who act as brokers for their own interest. This is because the tracks are few and the available tracks are forced to do more rounds than expected but can only focus on where the garbage has piled up for months

**Hon. Speaker,** in the statement, the Chairperson should inquire into and report on: -

- i) The names of officers in charge of cleaning Nairobi South Ward and their term in the office;
- ii) The number of officers responsible for Nairobi South Ward garbage collection and their current status;
- iii) Whether there are specific trucks collecting garbage within Nairobi, specific names of track drivers and specific number plates for the tracks; and
