**NAIROBI CITY COUNTY ASSEMBLY  
SECOND ASSEMBLY - SIXTH SESSION**

**REQUEST FOR STATEMENTS**

*Subject: Power supply to County health facilities*

Hon. Speaker,

Pursuant to Standing Order 45(2) (c), I wish to request for a statement from the Chairperson of the Sectoral Committee on Health Services regarding power supply in County health facilities, notably, Dandora 1 Health Centre.

Hon. Speaker, Part 2 of the Fourth Schedule of the Constitution of Kenya 2020 apportions the health function to the County Governments hence commitment to the optimal functioning of the health facilities need to be ensured. One such operational and critical aspect of a health center is supply of reliable electricity on which many things for instance, lighting, security systems and critical equipment functionality depend on.

Hon. Speaker, the foregoing statements are made in reference to unreliable power supply in Dandora 1 Health Centre and this was to be cured by a generator that was supplied by Oriken Limited that was delivered on 30<sup>th</sup> December 2015 under tender No. NCC/HSS/T/995/2014-2015 whose description is QAS 14; 50Hz; 15 KVA. This generator has however never been installed and commissioned. In addition, it was delivered without the housing and now is subject to attrition courtesy of weather elements.

Hon. Speaker, in the statement, the Chairperson should inquire into and report on:-

- i) Measures that the County and Nairobi Metropolitan Services (NMS) is putting in place to ensure that the said generator is installed and commissioned for the benefit of the health center and the people who benefit from it;
- ii) Details of the tender including the date of supply, requirement for installation and commissioning, total amount of the tender and the nature of the generator as contained in the tender documents; and
- iii) Efforts that the County Government and NMS are putting in place to ensure that all health facilities in the County are supplied with reliable power supply.

P.W
