NAIROBI CITY COUNTY ASSEMBLY  
SECOND ASSEMBLY - FIRST SESSION

**REQUEST FOR STATEMENTS**

Hon. Speaker,

Pursuant to Standing Order 45(2)(c), I wish to request for a statement from the Chairperson of the Sectoral Committee on Environment and Natural Resources regarding the health hazards associated with hosting main sewers for Nairobi City County.

Hon. Speaker, residents of Ruai have had to contend with high prevalence of Malaria and other related ailments arising out of hosting sewers, with little action from the County Government to ameliorate the said hazards.

Hon. Speaker, in the statement, the Chairperson should inquire into and report on:-

- i) Measures put in place by the County Executive to deal with Mosquitoes breeding in the sewers and other such hazards;
- ii) Plans by the County to institute temporary measures to help residents fight the Malaria scourge such as supply of subsidized mosquito nets;
- iii) Ongoing/Existing measures the County Executive has had in place for curing projected environmental hazards since the construction of the said sewers.

  
Hon. John Kamangu, MCA.  
MEMBER FOR RUII WARD

Date: 30/11/17
