NAIROBI CITY COUNTY ASSEMBLY
SECOND ASSEMBLY - FIRST SESSION

REQUEST FOR STATEMENTS

Hon. Speaker,

Pursuant to Standing Order 45(2)(c), I wish to request for a statement from the Chairperson of the Sectoral Committee on Water and Sanitation regarding the lack of a sewerage system in Ruai despite hosting main Sewers for the greater Nairobi County, and insufficient water connection to residential households.

Hon. Speaker, the greater Ruai area does not have a single connection to a sewer line, with households having to invest in Septic tanks and sock pits, despite the area experiencing a population boom and housing development and hosting sewers for Nairobi County.

Hon. Speaker, in the statement, the Chairperson should inquire into and report on:-

- i) Plans, if any, to develop a sewerage system in Ruai for residents to benefit from hosting the main sewers for Nairobi City County;
- ii) Plans by the County to repair and replace old water pipes laid in the colonial times and in the 1970s to forestall health hazards attendant to such;
- iii) When the County plans to connect Households to main water supply pipes for residents of White House area in Ruai.

Hon. John Kamangu, MCA.
MEMBER FOR RUI WARD
