3. MOTION – (Hon. David Okelo, MCA)

THAT AWARE that public toilets play a crucial role in the maintenance of a hygienic and clean city given that every day, thousands of people visit the city centre and a big proportion need the use of such public amenities; NOTING that the insufficiency of public toilets across the City, especially along busy streets and neighborhoods, has occasioned misery to commuters and residents who can't access the crucial amenities, for instance along Moi Avenue and downtown Nairobi, where *Matatu* operators relieve themselves between stationary vehicles, leaving permanent streaks of urine patterns on the road and parking bays; FURTHER NOTING that similarly, most lanes in downtown Nairobi have been turned into 'toilets' with the mess rarely cleaned or collected; REGRETTING that the existing county public toilets close before 9pm, leaving those in need to rush to restricted toilets in pubs and hotels, poorly-lit street corners or flower gardens; RECOGNIZING that the city centre alone by reserve estimates needs about 50 public toilets and improved security to meet the current demand; REALIZING that for the County public toilets to remain clean and run efficiently a model that allows for creation of employment is best suited, for instance allowing youth groups to run the facilities for a small fee per use as currently established; this Assembly RESOLVES that the Nairobi City County Executive identify and establish modalities for allowing youth groups in each ward to run and manage public toilets under supervision of the Environment Department within a streamlined pay per use framework that encourages efficiency.
