requested to review progress report from Committees and address any challenges being faced in dealing with pending business.

Further, **Hon. Members**, we are convening at the height of the budget cycle that involves consideration of various documents that have legal requirements and timelines. As we resume, the key business related to budget making include consideration and processing of the County Fiscal Strategy Paper (CFSP), the Budget Estimates and the relevant legislations. While considering these important documents, apart from the submissions from the respective Sectors, Committees should prioritize items picked in the course of their interaction with stakeholders and processed business such as Statements, petitions and Motions. The Select Committee on County Budget and Appropriations and the Budget Office under its leadership is called upon to step up their support to Sectoral Committees during this period in order to achieve optimal processing and oversight over budget policies.

Honorable Members,

As you execute your mandate and seek to represent your constituents, the secretariat in Committee Services and in the Budget Office are at your disposal to seek advice on how best the aspirations, interests and priorities of your respective wards can be incorporated into the budget policies for implementation. Therefore, you are at liberty to visit any of these offices to consult and seek assistance.

Quorum in the Assembly

Honorable Members,

When the Assembly was adjourning for the Short Recess, I observed that the Assembly was treading on a dangerous path by continuously adjourning for lack of quorum. I also directed the Clerk to furnish my office with a report analyzing the Plenary attendance for each Member to enable my office to process the same in line with the provisions of Standing Order 252. I glad to report that my office has since received the said analysis and it will be shared with the Assembly leadership for appropriate action pursuant to the relevant Standing Orders. As this process takes place, may I remind Members that attendance to Plenary duties is a Constitutional duty whose abdication is highly reprehensible and can attract severe action including loss of your seat. Therefore, all Members are encouraged to take their Constitutional mandate seriously including attending and participating in Plenary proceedings.

A member appointed to a Sectoral committee at the commencement of a County Assembly shall serve for three sessions and the Committee shall thereafter be reconstituted, to serve for the remainder of the term of that County Assembly.

Honorable Members,

In view of the foregoing, it has come to my attention that since the commencement of this Assembly, three Sessions have since lapsed. To this end, I have communicated to the respective Party Whips to commence the process of reconstituting all Sectoral Committees with immediate effect.
