routes in the County; concerned that most streets, pedestrian walkways and on street parkings in the City Centre have been illegally turned into bus stops and parking slots for public service vehicles , which has led to increased congestion and accidents including deaths to pedestrians, further noting that the allocation of parking, picking and dropping zones for public service vehicles was last done in the year 2000, this Assembly urges the County Executive to abolish all on-street parkings within the Central Business District of the Nairobi City County and direct all the public service vehicles to revert back to the designated bus termini.
