**THAT**, aware that the recognition of outstanding citizens who have contributed immensely to the National good is provided for in law, by which the state confers Orders, decorations, and medals; **RECOGNIZING** that in furtherance of this recognition County Governments have equally named roads and other County owned facilities after heroes and heroines, in recognition of their efforts and service to the Nation, which service has contributed to Kenya's prosperity; **OBSERVING** that the late Hon. Senator Mohamed Yusuf Haji has for fifty-five years served Kenya in various capacities, where he began his public service career as a District Officer in 1960, and rose through the ranks to the position of Provincial Commissioner for several years; **NOTING** that from his public Administration experience, Hon. Haji went on to Serve as Member of Parliament for Ijara Constituency, as Assistant Minister in the Office of the President, and later on Minister of State for Cabinet Affairs in 2002, as Minister of State for Defense, as acting Minister of Internal Security and Provincial Affairs, during which he was notable for his efforts to promote peace and stability in Somalia and beyond, amongst other achievements; **GRATEFUL** that before his demise, the country had further called upon Hon. **\*MOTION – HON. ESTHER WAITHERA CHEGE. MCA**

***Subjects: Development of County programs on countering violent extremism in the County***

**THAT**, aware that Part Two of the Fourth Schedule to the Constitution provides for the functions of the County Government which include ensuring and coordinating the participation of communities and locations in governance at the local level and assisting communities and locations to develop the administrative capacity for the effective exercise of the functions and powers and participation in governance at the local level; further aware that Kenya continues to face violent extremism by radical militarist groups, especially in areas along in Nairobi where drivers of violent extremism are localized and depend on the sociopolitical landscape of the communities which serve as recruitment hubs; **concerned** that a majority of young people in Nairobi have high hopes and ambitions, however, poor macroeconomic performance, a lack of labor market opportunities, an education system that suffers from problems of access, quality, and relevance, and a society that negates the self-expression of young people mean that many young people are unable to translate their aspirations into a productive and fulfilling future; **further concerned** that high expectations, disappointing employment and life prospects, and marginalization among young people fuels frustration and desperation to the advantage of drivers of violent extremism who recruit such youth; **noting** that hard military and security approaches used by the National Government have not successfully and completely addressed the threat of violent extremism especially in Nairobi City County which has the highest rate of inequality that exists between young community members and community leaders in urban settlements, this Assembly urges the County Executive in partnership with local stakeholders such as community and faith based organizations:-

- a) develop programs that address poverty and unemployment by incorporating vulnerable and at-risk groups in such programs; and
- b) develop programs that identify and empower trusted influencers with the skills and tools they need to provide concrete solutions to help at-risk individuals in their surrounding which makes them feel that they have more options than turning to a violent extremist groups, and allow for more information sharing and coordination of strategies in preventing violent extremism in the County.
